
ABRISO JIFFY NOVOSTRAT ACQUISITION

A NEW CHAPTER FOR NOVOSTRAT

In the start of a brand-new era, Novostrat has become a part of Abriso Jiffy, supplier of the most diverse range of protective packaging and insulation products in Europe and champion of creating greener ways of working across the industry. Abriso Jiffy's commitment to quality, service and above all sustainability is as strong as our own and we know this new era will mark the start of even greater Europe-wide achievements for us all.

ADDING MORE EXCELLENCE TO OUR TEAM

Abriso Jiffy has spent more than 50 years building the right team of experts to offer great service, impeccable quality and industry-leading sustainability. Throughout this time, they've kept their place as market-leaders by constantly investing in innovation, technology and people. Adding companies including Jiffy, Airpack and Tap to their team as they've grown, they now have over 5000 customers and 15 production sites across 35 countries.

And as we combine our knowledge and expertise with theirs, our bigger, stronger team is capable of achieving even more. By working together on the future, we can continue to build great things and effect real change – for our customers, for our industry and for our planet.
